EDUCATION

University of Guelph

Bachelor of Computing, Software Engineering (Co-op), Minor in Business

Sept. 2021 – Apr. 2026

GPA: 3.7/4.0 (83.7%)

TECHNICAL SKILLS

Languages: Python, Java, C, JavaScript, TypeScript, SQL, HTML, CSS, R, Cobol

Frameworks: React, Node.js, Express.js, Next.js, Spring Boot, Jest, JUnit, Tailwind CSS, Bootstrap, pandas, jQuery, Flutter

Tools: Git, Docker, Bash, SQLite, MongoDB, Azure DevOps, Firebase, Android Studio, SonarQube, VS Code

Operating Systems: Linux, Windows, macOS

WORK EXPERIENCE

Teaching Assistant

University of Guelph

Sep. 2025 – Dec. 2025

Guelph, ON

- Conducted labs teaching **Java Object Oriented Programming** concepts including classes, **inheritance**, **polymorphism**, and **encapsulation** through hands-on coding exercises.
- Improved assignment **test coverage** by creating **JUnit** autograder tests for requirements, edge cases, and outputs.

DevOps Engineer Intern

University of Guelph

Jan. 2025 – Aug. 2025

Guelph, ON

- Automated build and deployment workflows by creating **Azure DevOps YAML CI/CD pipelines**, reducing manual deployment effort by 60% and improving release consistency across project migrations.
- Reduced manual migration analysis by building a **Python** parser that converted large **cron job** files into categorized **CSV** reports, helping teams identify which scripts ran, when they ran, and how they supported legacy workflows.
- Migrated legacy **frontend components** from Polymer to **React**, eliminating deprecated dependencies and improving maintainability on a modern stack.
- Automated backlog management by integrating Microsoft **REST APIs** with **Azure DevOps**, reducing manual ticket routing by approximately 90% through urgency-based task automation.

Software Developer Intern

University of Guelph

Jun. 2024 – Aug. 2024

Guelph, ON

- Improved mobile usability across university websites by building **responsive navigation**, **content cards**, and **page layout components** using **React**, **JavaScript**, **Bootstrap**, **HTML**, and **CSS**.
- Resolved 50+ client-reported website issues by **debugging frontend layout** defects, fixing broken components, and improving UI behaviour across desktop and mobile devices.
- Supported website launches by configuring **DNS records**, **CNAME mappings**, and custom domains, then coordinating **SSL certificate** requests for institutional domain routing.
- Contributed to sprint delivery in an **Agile/Scrum environment** by using **Git**, pull requests, and **Azure DevOps** to track bugs, review changes, and deploy responsive UI fixes.

Web Developer Intern

University of Guelph

Sep. 2023 – Dec. 2023

Guelph, ON

- Improved accessibility across faculty and department websites by building and updating **AODA-compliant** pages using **HTML**, **CSS**, and **Bootstrap**.
- Increased website engagement by 11% by **redesigning** page layouts using **Bootstrap**, improving content structure, and aligning pages with university branding standards.
- Improved website reliability by debugging broken links, layout defects, formatting issues, and **RSS/XML** feed errors across **CMS-driven** university websites.

PROJECTS

Workforce Skills Analysis  | *Python, NLP, Sentence Transformers(SBERT), Entity Linking, Pandas, NumPy, Matplotlib*

- Built an **NLP entity linking** pipeline using **SBERT**, **cosine similarity**, **Pandas**, and **NumPy** to map job-posting skills to the Canadian SCT 2025 taxonomy and visualize STEM vs BHASE skill trends.

TripVibes  | *Flutter, Dart, Firebase Authentication, Cloud Firestore*

- Built a cross-platform **Flutter/Dart** mobile app with **Firebase Authentication** and **Cloud Firestore** to match users with travel buddies based on travel style and compatibility.

AI Image Generator  | *React.js, Express.js, Node.js, MongoDB, OpenAI API, Tailwind CSS, HTML, CSS*

- Developed a **full-stack** AI image generator using **React**, **Node.js**, **Express.js**, **MongoDB**, and **OpenAI API**, building **REST API** routes and database schemas to generate, store, and share AI images.
